Friday 11 December 2020

Dear Parents,

Thank you for your kind messages in the last week, they have been much appreciated. I have also spoken to quite a few of you who have expressed some concerns around Covid. I am happy to report that we have no further cases since I last wrote to you.

We really need your help in doing the following:

- if you have symptoms yourself, please get a test and isolate with everyone in your household until you get your test result
- do not send children in to school if someone in the house has symptoms and is waiting for a test result
- do not send children in to school if they have not fully completed their isolation period

Even if your child has mock exams, it is much more important for them to isolate if they need to otherwise they put the rest of the school community at risk. We can rearrange the exams for another time.

You can find all the information on the government

Kind regards,

Mrs Thompson
