

LaRETRAITE

ACADEMIC SCHOLARSHIP

Our Scholarship Programme aims to provide our students with the best possible opportunities to achieve to the highest level. La Retraite offers three different Scholarships — Academic, Technical and Sports — each designed to support students with their studies and for applying to universities.

The Academic programme also provides inspirational and motivational opportunities including trips, mentoring, guest speakers, and career skills & employability workshops.

Students on the programme will be giving extensive guidance in applying to Oxbridge and Russell Group universities. Students will also be invited to complete the Extended Project Qualification (EPQ).

ACADEMIC SCHOLARSHIP

BURSARIES

There are two Academic awards available - Platinum and Gold - which provide up to £500 or £300 respectively towards your study resources and preparations for university.

SIXTH FORM SOCIETIES

We have a number of enrichment opportunities in the Sixth Form, including a Medics Society, a Law & Humanities Society, and Classics & Global Society. Our academic societies enable students to engage in structured programmes of activities linked to work experience, entrance test preparation, university applications, competitions, trips and talks by guest speakers to encourage students to explore their future destinations.

OPPORTUNITIES WITH LINKED SCHOOLS

Our Academic Scholarship students receive invitations to opportunities at Streatham & Clapham High School, Westminster School and St Paul's School. We link teachers and students on a range of initiatives within a wide variety of subject areas, including Medicine, Law and other academic pathways. This enables students to receive enhanced opportunities and the skills needed to achieve their ambitions.

EVENTS AND EXCURSIONS

We also arrange for an array of events and excursions to take place throughout the school year. Students are invited to participate in an inspirational programme of events, in-house guest speakers, skills and employability workshops conferences, careers fairs, and trips to Oxbridge and Russell Group universities.
