T LEVEL AFFILIATES

T Levels are new, two-year technical study programmes, designed with employers to give young people the skills that industry needs, and providing a mixture of technical knowledge and skills specific to students' chosen industry.

We have secured industry placements and T Level support from a wide range of diverse employers and businesses including Google, EDF Energy, Comensura and ISG.

T Level Digital qualification will also give students the opportunity to earn industry-specific vendor qualifications in areas such as Python programming and Google IT Automation. Students undertaking the T Level Education course will complete their qualification with a licence to practice.

T LEVEL DIGITAL: GETTING STARTED WITH PYTHON

This course aims to teach the basics of programming computers using Python. It will cover the basics of how one constructs a program from a series of simple instructions in Python.

T LEVEL DIGITAL: GOOGLE IT AUTOMATION WITH PYTHON

This programme builds on students' IT foundations to help elevate their knowledge to the next level, teaching how to program with Python to automate common system admin tasks, and how to use Git and GitHub, manage IT resources at scale, and analyse real-world IT problems.

T LEVEL EDUCATION: LICENCE TO PRACTICE

T Level Education will meet the Early Years Educator criteria. On successful achievement of an early education and childcare T Level, the young person can count in the level 3 ratios.

BUSINESS LINKS & PARTNERSHIPS

We have secured industry placements, T Level support and expert guidance from a number of leading institutions, employers and businesses:

- » Google — world-famous multinational technology
- » Comensura — staffing and recruitment
- » ISG — construction services
- » EDF — UK energy
- » Quantum Black — data & analytics
- » Trinity Hospice — e-commerce and digital business
- » KPMG — professional services network
- » MSE: Exam Season — educational support platform for teenagers
- » Bookmark Reading — support primary children with reading and literacy
